SEND support

St Erth Primary School

School Lane, St Erth

Cornwall, TR27 6HN

What is SEND?

Some children find learning more challenging than others and may need extra support to achieve their full potential.

For example, they might have difficulty with:

- Expressing themselves
- Interacting with others
- Reading, writing and maths
- Following lessons
- Controlling their emotions
- Sensory or physical mobility

These difficulties can be barriers to learning. Schools assess **all** children to identify their strengths and needs and how they can best be supported.

Children who need extra help with their learning may receive additional support under one of the following categories:

- SEND support
- An EHC plan/statement of SEN

What is SEND support?

SEND support describes the additional help that assists children to access the curriculum.

This might include:

- Extra help in the classroom
- Small group or one-to-one learning
- Support from specialists such as speech and language therapists

Schools must work with parents when agreeing what support to provide and what it will achieve.

The SEN support category replaces the previous categories of School Action and School Action Plus.

What are EHC plans?

If your child has more complex needs, he or she might already have a statement of SEND or be assessed for an EHC plan.

FAQs

How will the school decide what type of support my child receives?

Every child's needs are different, and may change over time.

The school should assess each child's needs closely to identify which support suits him/her best.

The school should also regularly review the support your child receives to see what is working and what isn't, and incorporate your views on this too.

How do I know if my child needs SEND support?

If your child is not making expected progress for his/her year group, he/she may need SEND support.

The school should discuss your child's needs with you before placing your child on SEND support.

What if I think my child needs further support?

Please speak to your child's teacher in the first instance and following this, Mr Coleman or Mrs Golder who may recommend referral to other professionals to seek further help.

We use a graduated approach of Assess, Plan, Do, Review Cycle to make sure targets are strategic:
