Strike Action - You will have heard that the NEU have announced strike action. We will be sending home a letter early next week to let you know how this will affect St Erth.

Blue Monday

We all enjoyed an assembly on Monday with Keleigh, our Education mental health worker, about Blue Monday. We discussed ways to help us manage our mood if we feel sad or unhappy for a while.

- Be active
- Develop a skill, ie music or art
- Read
- Talk to someone you trust and share your feelings
- Eat and drink healthily.

FAMILY SUPPORT DROP IN SESSION

WEDNESDAY, 1 FEBRUARY - 9:30-11.00

Family Support Advice is available from our school's link Family Worker, Christine King, on any issues that may be affecting your family. This offers you a friendly, supportive service that meets your needs or introduces you to a service that can help you. It also offers parenting courses, and information on these can also be given.

If you feel you need some friendly advice or any kind of family support please feel free to contact school and we will arrange for Christine to contact you directly during the above drop-in session.

Strep A

You will have seen the letter we sent home last week about this but, to remind you, the symptoms include:

a sore throat, headache, fever, nausea and vomiting. This is followed by a fine red rash which typically first appears on the chest and stomach, rapidly spreading to other parts of the body. On more darkly-pigmented skin, the scarlet rash may be harder to spot, but it should feel like 'sandpaper'. The face can be flushed red but pale around the mouth.

If you think you, or your child, have scarlet fever or Strep A:

see your GP or contact NHS 111 as soon as possible

make sure that you/your child takes the full course of any antibiotics prescribed by the doctor

stay at home, away from nursery, school or work for at least 24 hours after starting the antibiotic treatment, to avoid spreading the infection.
