### TPAT approach to supporting disadvantaged pupils:

Addressing disadvantage is not about supporting pupils to ‘escape’ their lives. It is about ensuring they have agency and choice and access to opportunity to make a positive contribution. (to school and community). As a trust we are committed to ensuring that our strategy raises the outcomes for our pupils from disadvantaged backgrounds. In writing this paper guidance has been taken from the EEF research, the DFE approach to pupil premium and OFSTED. The DFE highlights a 3-tier approach which our trust strategy is based on. All the initiatives that we suggest supporting schools are based on research which is evidenced below.

## Part A: Pupil premium strategy plan

### Statement of intent

*At our school, our aim is to ensure that every pupil, regardless of their background or the challenges they face, makes strong progress and reaches high standards in all areas of learning. The focus of our Pupil Premium strategy is to provide targeted support for disadvantaged pupils, helping them to achieve this goal, while also ensuring that even our highest achievers continue to make progress.*

*We understand that some pupils face additional challenges, such as those with a social worker or young carers, and we are committed to providing the support they need to overcome these barriers. Our approach*

*is designed to meet the needs of all our pupils, ensuring that they are given every opportunity to succeed, regardless of their circumstances.*

*Our approach is designed to support all pupils, whether disadvantaged or not, with a focus on high-quality, 'quality-first' teaching. This ensures that disadvantaged pupils receive the specific support they need, helping to close the attainment gap while benefiting all pupils. Our strategy is based on robust diagnostic assessments, addressing both common challenges and individual needs. By focusing on targeted interventions and continuous support, we aim to sustain and improve the progress of both disadvantaged and non-disadvantaged pupils. Each approach we adopt complements the others, working together to help all pupils achieve their full potential.*

*To ensure they are effective we will:*

- *adopt a whole school approach in which all staff take responsibility for disadvantaged pupil outcomes and raise expectations of what they can achieve.*
- *Act early to provide support once a need has been identified.*
- *close the attainment gap between pupil premium and their peers.*
- *Address non-academic barriers to attainment such as attendance, behaviour and cultural capital.*
- *Ensure that the Pupil Premium grant reaches pupils who need it the most, with the recognition that not all students who are socially disadvantaged are registered or qualify for free school meals*

<b>The menu of approaches</b> You should select approaches from the menu, informed by your diagnosis of pupil need and what the evidence says is effective for improving their attainment, following steps 1 to 3 of the 5-step approach.	
<b>3 tiers</b>	<b>Approaches you can implement</b>
<b>High-quality teaching</b>	Developing high-quality teaching, assessment and a broad and balanced, knowledge-based curriculum which responds to the needs of pupils
	Professional development to support implementation of approaches, for example, training provided by a DfE validated systematic synthetic phonics programme, mastery based approaches to teaching or feedback
	Mentoring and coaching for teachers
	Supporting the recruitment and retention of teaching staff, for example, providing cover time to undertake professional development such as National Professional Qualifications (NPQs)
	Technology and other resources that support high-quality teaching, for example software to support diagnostic assessment
<b>Targeted academic support</b>	One to one and small group tuition
	Peer tutoring
	Targeted interventions to support language development, literacy and numeracy
	Targeted interventions and resources to meet the specific needs of disadvantaged pupils with SEND
	Teaching assistant deployment and interventions, for example by supporting high-quality provision within the classroom or delivering structured interventions
	Extended school time, including for summer schools
<b>Wider strategies</b>	Supporting pupils' social, emotional and behavioural needs
	Supporting attendance
	Extra-curricular activities, including sport, outdoor activities, arts and culture, for example music lessons and school trips
	Breakfast clubs and meal provision
	Communicating with and supporting parents

## Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

	Detail of challenge
1	<p><u>Attainment</u></p> <p>KS2 Data: Pupil Premium Combined Expected Standard 0% (0 out of 3)</p> <p>KS2 Data: Pupil Premium combined meeting Greater Depth Standard 0% (0 out of 3)</p> <p>Phonics data: Pupil Premium 66.7% (2/3)</p> <p>MTC- 0% (0/4)</p> <p><i>In Key stage 2, the combined expected score for pupil premium children has declined over the last three years (86% (2023) 50% (2024) 0% (2025))</i></p> <p><i>Our phonics data for children who are in receipt of Pupil Premium funding has been consistent for the last 3 years, this year 2 out of 3 children passed.</i></p> <p><i>Our multiplication check for pupil premium children remains low at 0% for 2024 (0 out of 4) 0% for 2023 (0 out of 6) and 33% in 2022 (1 out of 3)</i></p>
2	<p><u>Attendance and Punctuality</u></p> <p><u>2024-2025</u></p> <p>Data: Attendance for all 2024/2025: 95.1%</p> <p>Attendance for children who in receipt of Pupil Premium funding: 91%</p> <p>Attendance for children who are not in receipt of Pupil Premium funding 95.7%</p> <p>% of children who are in receipt of Pupil Premium funding who are persistently absent: 5%</p> <p>% of children who are in receipt of Pupil Premium funding who need support with punctuality: 20%</p> <p><i>Although the attendance for all children is good, the attendance for children who are receipt of Pupil Premium funding is significantly low. There are individual challenges for these families, but the school needs to raise expectations and increase support.</i></p>
3	<p><u>Parental engagement and support</u></p>

	<p>Data:</p> <p>75% of parents of children who are in receipt of Pupil Premium funding attend progress meetings in Autumn, Spring and Summer term</p> <p>100% of parents of children who are in receipt of Pupil Premium funding attended the phonics workshops</p> <p><i>Only 3/21 parents did not attend parent meetings. Staff follow this up with a phone call afterwards to make another appointment. A phonics workshop was offered in Autumn 2025 and all parents of children eligible and in receipt of pupil premium funding attended.</i></p>

## Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
<p><b><u>Challenge 1</u></b></p> <p>Children who are pupil Premium have a combined measure at end of KS2 which increases year on year</p>	<p>Internal and external data will evidence incremental increases in attainment for pupils eligible for Pupil Premium:</p> <ul style="list-style-type: none"> <li>- By the end of 2025/2026, all year groups will achieve 60% in RWM (3/5)</li> <li>- By the end of 2026/2027, all year groups will achieve 60% in RWM</li> <li>- By the end of 2027/2028, all year groups will achieve 60% in RWM</li> <li>- By the end of 2025/2026, all children in year 1 will achieve 70% in phonics</li> <li>- By the end of 2026/2027, all children in year 1 will achieve 80% in phonics</li> <li>- By the end of 2027/2028, all children in year 1 will achieve 85% in phonics</li> <li>- By the end of 2025/2026, all children in year 4 will achieve 70% in MTC</li> <li>- By the end of 2026/2027, all children in year 4 will achieve 80% in MTC</li> <li>- By the end of 2027/2028, all children in year 4 will achieve 85% in MTC</li> </ul> <p><i>Monitored by LMC, SLT, Data leader in half termly progress meetings</i></p>
<p><b><u>Challenge 2</u></b></p> <p>Children who are Pupil Premium attend school as often as children who are not entitled to Pupil Premium</p>	<p>Attendance for both non-PP children and PP children will be above 96%</p> <p>The number of children who are Pupil Premium who are persistently absent is less than 8%</p> <p>There will be less than 10 % of children who are eligible for Pupil Premium who are recorded as regularly arriving late for school.</p> <p>There will be a reduced number of pupils eligible for PP at Tier 1 of the Attendance Strategy.</p> <p>There will be a reduced number of disadvantaged families receiving fixed penalty notices.</p> <p><i>Monitored by Attendance Officer and SLT in fortnightly meetings</i></p>
<p><b><u>Challenge 3</u></b></p>	<p>An increased number of parents will engage in workshops led by school staff to support and promote academic learning- more than 60%</p>

<b><u>Support from home</u></b> Parents of children who are PP are involved in the school community and attend events	100% of parent of children who are in receipt of Pupil Premium Funding will attend progress meetings School staff contact parents of children who are in receipt of Pupil Premium Funding in advance of any event Barriers are identified by school to enable the setting to be easier to reach <i>Monitored by SLT / PP lead</i>

## Activity in this academic year

### Teaching: minimum 50% of budget (for example, CPD, recruitment and retention)

Activity	Evidence that supports this approach Challenge number(s) addressed	
Incremental coaching	<p>To maintain high quality teaching, CPD must be embedded. Incremental coaching is a coaching approach where progress is made step by step, focusing on small, manageable improvement over time. It focuses on gradual growth, continuous feedback, sustainability and confidence building. The TPAT Pedagogy Project/Model, based on WALKTHRU focuses on a specific area of teaching each half term. STEPLAB TPAT pedagogy project</p> <p><b><u>Evidence:</u></b></p> <ul style="list-style-type: none"> <li>- <b>Rosenshine's Principles of Instruction</b> <a href="https://www.aft.org/sites/default/files/Rosenshine.pdf">https://www.aft.org/sites/default/files/Rosenshine.pdf</a></li> <li>- <b>EEF: Teaching &amp; Learning Toolkit</b> <a href="https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit">https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit</a></li> </ul>	1
Primary Assessment Strategy	<p>Termly NFER Reading assessments and maths.co.uk are used, analysed and inform future learning. Use of INSIGHT for half termly data collections Trust aligned pupil progress meetings to review pupil premium progress and provide intervention. Accurate assessment which identifies areas of strengths and areas where pupils need additional support Assessment is robust and provides quantitative measures and accurate indicative prediction of KS2 SATS outcomes. Summative assessments are reliable in providing timely information about the progress of individual pupils and cohorts, in relation to others Assessments allow progress to be tracked over time Assessments are used to measure the impact of interventions Writing interventions and moderation.</p> <p><b><u>Evidence:</u></b></p> <ul style="list-style-type: none"> <li>-EEF : making use of diagnostic assessment</li> </ul>	1

Access to NPQs and ECT support programme & professional development programme for support staff	<p>Having well trained teachers will affect the attainment of all children. CPD has an effect size (0.09) comparable to giving a teacher 10 years' experience. <a href="http://epi.org.uk">epi.org.uk</a>. Improving retention of skilled teachers, especially in challenging schools, ensuring consistency and stability for disadvantaged learners. <a href="http://epi.org.uk">epi.org.uk</a>. Mastering number/Maths Hub training programmes	<p>Mastering Number builds number sense early, developing fluency, flexibility and confidence with numbers EYFS-Y2. The programme also supports language development which is crucial for many children who are in receipt of Pupil Premium funding. High quality CPD is available and is a systematic and inclusive approach to learning. <b>Challenge 1</b> Children who are pupil Premium have a combined measure at end of KS2 which increases year on year	Internal and external data will evidence incremental increases in attainment for pupils eligible for Pupil Premium: <ul style="list-style-type: none"> <li>- By the end of 2025/2026, all year groups will achieve 60% in RWM (3/5)</li> <li>- By the end of 2026/2027, all year groups will achieve 60% in RWM</li> </ul>			

	<ul style="list-style-type: none"> <li>- By the end of 2027/2028, all year groups will achieve 60% in RWM</li> <li>- By the end of 2025/2026, all children in year 1 will achieve 70% in phonics</li> <li>- By the end of 2026/2027, all children in year 1 will achieve 80% in phonics</li> <li>- By the end of 2027/2028, all children in year 1 will achieve 85% in phonics</li> <li>- By the end of 2025/2026, all children in year 4 will achieve 70% in MTC</li> <li>- By the end of 2026/2027, all children in year 4 will achieve 80% in MTC</li> <li>- By the end of 2027/2028, all children in year 4 will achieve 85% in MTC</li> </ul> <p><i>Monitored by LMC, SLT, Data leader in half termly progress meetings</i></p>

There will be a reduced number of pupils eligible for PP at Tier 1 of the Attendance Strategy.
